The DSpace Course

Module – RSS feeds, alerts and news
Module objectives

By the end of this module you will:

- Know how the RSS feeds work in DSpace
- Be able to set up and understand email alerts
- Know how to edit the news on the front page
- Have edited the news on the front page
RSS feeds

- Site level (all new items)
- Community level (new items in all contained collections)
- Collection level (new items in that collection)

- Can be read in modern web browsers
- Can be subscribed to in news reader software
Alerts

- Created by users
- Created for a collection
- Emails sent each day for new items
- Script must run daily:
  - [dspace]/bin/sub-daily
News on front page

- Top news
- Side news

Edited via the ‘Administer’ menu and the ‘Edit News’ option.

News items can include HTML.
